

I have been informed by K-Love radio that there is a chance we may lose our local K-love station due to changes in the FCC rules. I want to express my sincere appreciation for K-Love and ask that you leave the rules in place that protect them and allow them to broadcast all over the US. K-Love is a positive Christian music station which allows me the freedom to chose a radio station that I can let my children listen to without worrying about what they may hear. K-Love provides clean entertainment for those of us who commute long distances to our jobs. If K-Love is displaced by an LPFM braodcast, I will lose a fabulous radio station on my commute to work, I will have to monitor or turn off the radio completely due to the lack of respect other radio stations provide in terms of what is said by the D.J or the music that is played (most of which is offensive to me). The service provided by K-Love is in the best interest of the public. They have full-time pastors available 24/7 which allow therapy to those who need someone to talk to - or talk out of a crisis (such as suicide). It gives the general public a radio station that offers clean entertainment and a variety of music styles. As a Christian it is very important to me to have a radio staton that I enjoy listening to and encourages me in my walk. Please take these comments into consideration as well as the other comments from dedicated K-Love listeners. We don't want to lose our local K-Love. Thank you for your time.
